

Yogesh Ghanghav

Software Engineer – MERN Stack Developer – Java Developer

+91 84593 92130 - yogeshghanghav77@gmail.com - Pune, Maharashtra - LinkedIn - GitHub - Portfolio

Summary

Results-driven Software Engineer and 2025 B.Tech graduate with hands-on experience building full-stack web applications using MERN stack, Next.js, and Java. Developed an AI-powered job tracking platform on AWS serverless architecture, a real-time collaboration platform handling **15+ live events** via Socket.io, and REST APIs for production-grade applications. Strong foundation in cloud deployment (AWS Lambda, DynamoDB, S3), JWT authentication, and scalable system design.

Technical Skills

- **Programming Languages:** Java, JavaScript, SQL
- **Frontend:** HTML5, CSS3, React.js, Next.js, Tailwind CSS, Bootstrap, Responsive Web Design
- **Backend:** Node.js, Express.js, RESTful APIs, Socket.io, AWS Lambda, Serverless Architecture
- **Databases:** MongoDB, MongoDB Atlas, MySQL, Amazon DynamoDB
- **Cloud & DevOps:** AWS (Lambda, API Gateway, DynamoDB, S3), AWS SAM CLI, CloudFormation, Vercel
- **AI Integration:** Google Gemini API, AI-powered Resume Analysis, Prompt Engineering
- **Tools:** Git, GitHub, Postman, VS Code, AWS CLI
- **Core Concepts:** OOP, Data Structures, JWT Authentication, Role-Based Access Control, API Integration, Real-Time Systems, Microservices, CI/CD

Projects

CareerPilot AI – Smart Job Application Tracker

Live Demo

Technologies: Next.js, React.js, Node.js, AWS Lambda, API Gateway, DynamoDB, S3, Google Gemini AI, JWT

- Built a **full-stack serverless** job tracking platform using Next.js frontend and AWS Lambda + API Gateway REST backend; deployed via AWS SAM with no EC2.
- Implemented **JWT-based authentication** with user registration, login, protected routes, and profile management stored in DynamoDB.
- Integrated **Google Gemini AI** for resume analysis – match %, missing skills, improvement suggestions, and ATS keyword recommendations.
- Developed **S3 resume upload** with presigned URLs and analytics dashboard tracking Applied, Interview, Selected, and Rejected application stats.

DevCollab – Real-Time Collaboration & Monitoring Platform

Live Demo

Technologies: MongoDB, Express.js, React.js, Node.js, Socket.io, Tailwind CSS, JWT

- Built a real-time collaboration platform handling **15+ live events** via Socket.io with sub-second message delivery.
- Implemented **role-based access control** across 3 roles (Admin, Developer, Viewer) using JWT authentication and protected routes.
- Developed API monitoring dashboard tracking **20+ endpoints** for logs, error rates, and response times with visual analytics.
- Designed alert system triggering notifications for APIs exceeding **500ms** response time or **5% error rate** threshold.

Education

Bachelor of Technology (B.Tech)

2025

Sandip University

CGPA: 8.64/10

Diploma in Computer Science

2022

Mumbai University

Percentage: 70%

Secondary School Certificate (SSC)

2019

Maharashtra State Board

Percentage: 61.20%
